EDUCATION

2017 — Bachelors in Computer Science & Engineering
SRM University, Chennai
Apart from formal education, I leared many life skills here. The clubs I am part of taught me leardership, team-work, deadline-based goals and management.
C.G.P : 8.4

2015 — 12th Grade
Narayana Educational Institutions, Visakhapatnam
I took coaching for IIT, JEE Mains and board exams simultaneously. I was in the special 15 batch of students where we were trained special from others.
CBSE : 93%

2013 — 10th grade
De Paul School
I was the school captain and this role taught me many things about leadership, management and other skills.
ICSE : 87%

WORK EXPERIENCE

2017 — Desktop Application Developer
AxiomIO IT Services Pvt. Ltd.
I worked on the project "Paradox-Box" which is an app that encrypts and decrypts files . I was recognised as the youngest developer in their company and the team was really happy to see me on-board.

2016 — Application and Web Developer
Directorate of Student Affairs, SRM University
I made the official app for our university "OPAS" which keeps campus updates on point. I also worked on the website for our University cultural fest "MILAN 17".

2016 & 2015 — Other participations
I attended various workshops on ethical hacking, robotics, android etc. I also worked in the organising team of our technical fest "AARUUSH". I conducted workshop for my juniors in "graphic designing". In an attempt to write a research journal in analytics & ML.

REFERENCE

" Snehit is undoubtedly my favorite student in SRM. He is an enthusiastic learner and is surely motivation for his fellow students. I can bet that he will always perform his best in his work."

— Mr. R. Srinivasan
(Faculty incharge, SRM)
